

Studying the impressions of other students

Study the mind maps closely and answer the following questions:

Divide the words and images on this mind map into 3 columns: those which tell us something positive about Africa, those which tell us something negative, and those which are neutral, and say something neither good nor bad.

Positive	Negative	Neutral

Which column has more words in it? What do you think are the reasons for this?

How did this school see Africa differently to how you did at your school? List 4 differences
